3rd year B.E Computer Science student at Jyothy Institute of Technology, Bangalore with excellent academic record and keen interest in Full-stack Web Development and Front end Designing.

Education

B.E, Computer Science & Engineering 2018-22
Jyothy Institute of Technology
Current CGPA – 8.25 (till 5th sem)

12th (Senior Secondary Examination) 2018
State Board,
MVJ PU College,
87%

10th (Secondary Examination) 2016
ICSE Board,
Clarence Public School,
92%

Technical Skills

- Programming Languages – Java, Python
- Web Technologies – HTML, CSS, JavaScript, Node.js, React.js, MongoDB(beginner), Express.js, MySQL

Academic Projects

1. Ecommerce Database Management System

A system for managing online business day to day transactions like inventory, orders, customers, payments, shipments.

Technology Stack Used: MySQL, Java (Netbeans IDE)

2. Bubble Sort Simulation

Simulating the mechanism of Bubble Sort algorithm using OpenGL library. The simulator lets user enter their values and performs Bubble sort to sort values in either ascending or descending order. The elements are represented by rectangles scaled to their value.

Technology Stack Used: C++, OpenGL

Trainings & Workshops

- Complete Web Development bootcamp certification from Udemy.
- Coursera certification in Python Data Structures, Python Web data, Using Databases with Python.
- Hackerrank certification in Python(Basic) and Problem solving.
- VMware certification in Software Defined Storage Concepts.
- Attended a 2 days workshop on Python conducted by Palle Technologies.
- Currently learning Application building using python and Application building on Android using Flutter and Dart on Udemy.

Achievements

- Participated in Hackathon(Team of four) conducted by Jyothy Institute of Technology where we built an android application for students to help students be informed and prepare for their aspired company placement. I was responsible for Secure login and Company Information Section.

Extra-curricular Activities

- Part of Tech Club & Dance Club of my college.
- I am undergoing formal training in classical dance from the past 15 years (2006-present) and pursuing vidwat in the same.
- My Hobbies include Dancing, singing & Content Creation.
